

main

```
graph LR; main[main] --> test[test_laplace_solver_multigrid_four_boundaries];
```

The diagram consists of two rectangular boxes. The first box on the left is white with a black border and contains the text 'main'. A blue arrow points from the right side of this box to the left side of a second, larger box on the right. This second box is gray with a black border and contains the text 'test_laplace_solver' on the top line and '_multigrid_four_boundaries' on the bottom line.

test_laplace_solver
_multigrid_four_boundaries
